Why Should(n't) Bitcoin Be Regulated?

A talk by Urza
on June 20
for the conference
BTC Prague.

www.urza.cz

How I met Bitcoin?

How I met Bitcoin?

urza.cz

As a tool for achieving liberty.

Bitcoin is getting popular

Politicians “are” “bitcoiners”

Fame and money are tempting

Trump talks at crypto conferences.

Some libertarians refuse Bitcoin

Is Bitcoin corrupted by states?

What is my position?

What is my position?

I just don’t care.

What is my position?

urza.cz

I just don’t care.

I don’t give politicians attention.

What if they regulate Bitcoin?

urza.cz

I put my energy into breaking laws;
I don’t bend my will to write them.

Efficiency

It’s obvious for individuals; but also scalable by teaching others.

Ethics

Individuals pay with their soul for politics; and spread obedience.

Do whatever you consider right

Obey no one; not even me.
